

Self-Carry and Self-Administration of Medications
Elmwood Community School District #322 School Health Office
Self- Carry and Self-Administration of Medications
Per district policy

Student Agreement

I agree to:

- Follow my licensed health care provider’s medication administration instructions according to the current medication authorization and health care plan.
- Use correct medication administration technique.
- Not allow anyone else to use my medication.
- Keep my pharmacy labeled medications with me during regular school hours.
- Inform my parent or legal guardian when I am close to running out of medication or the medication is close to the expiration date on the label.
- Notify my School Nurse and school staff if the following occur:
 - ◆ My symptoms continue or get worse after taking the medication
 - ◆ My symptoms reoccur during the same school day
 - ◆ I suspect that I am experiencing side effects from my medication
 - ◆ Other _____
- I am knowledgeable about my prescribed medicine’s proper use and the side effects.
- I understand that permission to self-carry and self-administer my medication is designed to enhance my self-care skills as I move toward increased independence.
- I understand that permission for possession and self-administration of my medication will be re-evaluated if I am unable to maintain the listed criteria.
